Personal Profile

I am a highly dedicated, passionate, honest, hard working individual who is never intimidated by a large work load or a difficult challenge. I enjoy completing all tasks and challenges to the fullest, both efficiently and correctly. I get along with people of all ages, cultures and gender. Throughout my career I have always been a strong team player with superb leadership skills.

Objective

I am seeking full time employment as a captain within either a busy exciting charter/private motor yacht operation. I would like to work in a challenging environment within this industry where I can increase my yachting experiences. My greatest passion is to supersede my owner's expectations and to fulfill all my job requirements

Qualifications & Licenses

Captain: TR Yacht Master 499 GT

Captain: IYT Master of Yachts 200 GT License Number OF749TR

Captain: ICC Power Vessels 24m, 80 GT Personal Watercraft

Engineer: Motorman with 10 years electrical and mechanical background

STCW95: Personal Survival Techniques, First Aid, Fire Prevention and Fire Fighting, Personal safety and Social Responsibility, Proficiency in Survival Craft and Rescue Boats

Yachting Experience

Over 70 000 sea miles

4x Trans Atlantic crossing

Charter **Caribbean, Mediterranean, Ionian Sea, Adriatic Sea, Aegean Sea, Ligurian Sea.**

April 2014—to present Aquila Q Private Motor Vessel

During this time I had private charter season in Greece, Italy, Spain, Montenegro, Croatia and Turkey. During winter time 2014-2015-2016-2017-2018,2019 conducted yearly maintenance.

October 2009—February 2014 Captain M/S Sundara 34.5 Charter and Private yacht.

During this time I had private and charter season in Italy, Monaco, France, Venice, Croatia and Montenegro.

During winter time 2009- 2010- 2011-2012 I conducted yearly maintenance and engine services.

August 2007 – October 2009 - M/S Sundara - 34.5m Charter and Private yacht**Engineer/First Mate**

During my time on board my main responsibility was to maintain the safe running of the engine room and fulfill all engineering duties. Other duties included Trans Atlantic crossing, navigation watches, tender driving, varnishing, teak corking and general deck day to day maintenance. I have also been involved with various water sports activates with the guests.

June 2007- August 2007 - M/S Suhayla Sultan - 40m charter yacht**First Mate**

This was only a temporary job for 3 months to help out with a 2 month charter. While I was onboard I was responsible for the day to day running of the deck and various water sports and tenders. I also was involved with navigation watches and passage planning.

March 2005-June2007 - M/S Yacht Tersane III -38m charter yacht**Deck hand/ Engineer**

The first year onboard I was the sole deckhand involved in all deck maintenance including wash downs, paint work, varnishing, polishing, tender driving and all general deck duties. The second year I also took over the role as engineer and carried out all general engineer duties as well.

April 2004- February 2005 M/S Holiday 5 - 28m charter yacht**Deck hand**

I was employed as the sole deckhand responsible for the cleanliness of the exterior of the yacht and all day to day deck duties including tender driving and water sports

OTHER WORK EXPERIENCE**1994-1998 Car Electric system**

For four years I was working for car electric, starter motor, alternator and climate repair company. Also 1994-1997 I graduate from the Fethiye polytechnic with a certificate in automotive electrics.

1998-2000 I went to the army, (which is basic in Turkey when you turn to 20years old it is compulsory to serve in the army).

in this time I was on a 55M ship as a assistant electrician and mechanic.

2000-2004 I was started work again as a automotive electrician, yacht electrician and air conditioner technician, during this time I repaired a lot of boat electrics, starter motor, alternator, all different kinds of pumps and 3 full electrical fit outs of 3 new build Gullet (wooden sail yacht), all included hydraulic and mechanic work.

All this experience has given me knowledge of all types electrical and mechanical components onboard yachts.
